MEMO

To: Mayor and Council
From: Rod Myers – Fleet Manager
Date: September 2nd, 2010
Subject: 4x4 1 ton pickup w/ snow plow

Recommendation: The city purchases one 4x4 1 ton pickup w/ snowplow from Hellman Motor Company.

Background: This is a budgeted item for 2010. It was put out to bid. Four new car dealerships were hand delivered a bid packet and the State bid was also looked at. Two responded and two did not. The two dealerships that responded met the specs as did state bid.

The budgeted amount for this item was \$ 35,000.00. This truck will replace a 1989 Chevrolet 4x4 ¾ ton pickup w/ snow plow. Hellman Ford Motor CO bid compares favorably with the State Bid; therefore staff is recommending the pickup be purchased locally.

Hellman Chevrolet- 2011 Chevrolet K3500 4x4 pickup w/ snow plow- \$ 30,172.68

Hellman Motor Company- 2011 F350 4x4 pickup w/ snow plow - \$ 28,300.00

Wollert GMC- No Bid

Flower Motor Company- No Bid

Colorado State Bid- \$ 27,731.00

Cost - \$ 28,300.00

Action to be taken if approved- Purchase one Ford F 350 4x4 pickup w/snow plow.

Suggested Motion

I move the City of Delta purchase one Ford F350 4x4 pickup w / snow plow from Hellman Motor Company for \$28,300.00.
